WHO WE ARE

S.T. Cottex Exports Pvt Ltd., one of the leading textile manufacturers located in North of India, started operations in the year 2000 with 24,000 spindles for making 100% cotton yarns and during all these years it has gradually transformed into a vertically integrated spinning and Knitting operation with 175,000 spindles, 6,000 rotors and 100 Knitting Machines with overall production capacity of 136 metric tons per day with a present turnover of INR 7 billion.

The company offers a diversified range of products and uses the most modern systems to produce a wide variety of ring spun and open-end yarns and Knitted fabrics for its customers across Europe, USA, Latin America, Middle East, Far East and Indian Subcontinent.

The manufacturing facility is spread over more than 40 thousand square feet of area having total 11 production units and strategically located in close proximity to Dry Port of Ludhiana. The company is proud of its highly skilled technical & commercial team that is always motivated to fulfill a promise of Quality & Commitment.

SPINNING

The spinning units consist of 175,000 spindles, 6000 rotors and 30 TFOs having a production capacity of 136 metric tons per day. The state of the art infrastructure is equipped with machines from RIETER, TRUTZCHLER, SCHLAFHORST, OERLIKON, MURATA and SAVIO.

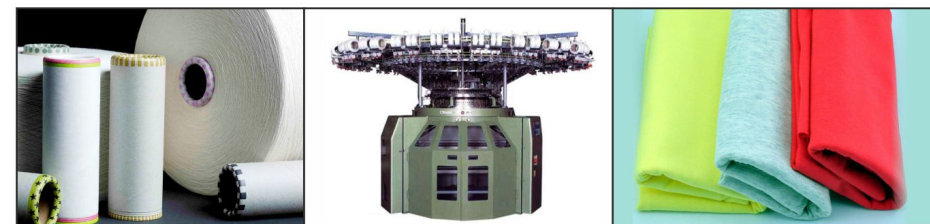

Raw cotton quality is scientifically managed in our fiber testing lab, which contains a complete range of modern cotton testing equipments, including HVI Premier ART-2 & AQURA. Polyester fiber is also being procured from the top quality manufacturers in India.

Unit No.	Yarn Type
Unit-1	Poly/Cotton mélange yarns.
Unit-2	100% cotton yarns.
Unit-3	Polyester/Cotton blended raw white yarns.
Unit-4	Polyester/Cotton blended raw white yarns.
Unit-5	Open End Yarns.
Unit-6	100% virgin polyester spun yarns.
Unit-7	100% cotton yarns.
Unit-8	Open End yarns.
Unit-9	Knitting
Unit-10	100% cotton COMPACT yarns.
Unit-11	100% recycled polyester spun yarns.

Breakup of production capacity

Yarn Type	Production in KGS Per Day
100% cotton yarns	42,000
Poly/Cotton Blended R/W yarns	27,000
Poly/Cotton Melange yarns	17,000
Open End yarns	30,000
100% polyester spun yarns	20,000
Total	136,000 (136 MT)

KNITTING

Our knitting division consists of 100 knitting machines from brands like Fukuhara, Wellknit and Golden Knit. The knitting unit is located at a close distance from our spinning units and here we are making grey fabric in various structures like single jersey, 2 thread fleece, lycra blend, rib, waffle etc. The knitting machines with following specifications are available with us :-

DIAMETER	GAUGE
